~~Gender Equality and Responsible Business | Expanding CSR~~

The great benefit of exploring gender issues through a responsible business lens is that this requires examination of the wider gender impacts of business in the marketplace for example, with regard to consumers, suppliers and supply chains, and in the community, and the ecological environment indeed throughout corporate value chains.

~~Gender Equality and Responsible Business | Expanding CSR~~

At the urging of consumers, employees, and shareholders, companies have come to understand the business risks of ignoring their impact on the environment, as well as the benefits of being a responsible environmental steward. Yet few companies have made a similar shift when it comes to women's empowerment and increased gender equality.
