Chapter 6 begins with definitions of cash and cash equivalents. This is not always as obvious as it would seem, and presentation of items and amounts in the Cash account on a company's balance sheet should follow fairly precise guidelines.

1. It helps solidify a long-term relationship with the customer, encourages the customer to purchase more, and decreases the time it takes for the company to see a liquid asset (cash). Cash can be used for other purposes immediately, such as reinvesting the business, paying down loans quicker, and distributing dividends to shareholders. 3.
