The Chapter 8 Introduction to Trigonometry of Class 10 NCERT Syllabus is divided into five sections and four exercises

where the last exercise section consists of problems with hints. The first section is the basic introduction to trigonometry Class 10 having examples from the surrounding where the right angle triangle can be imagined.

NCERT Solutions Class 10 Maths Chapter 8 Introduction to ...

The text for each exercise is followed by the solution. Like R for Data Science, packages used in each chapter are loaded in a code chunk at the start of the chapter in a section titled "Prerequisites". If exercises depend on code in a section of R for Data Science it is either provided before the exercises or within the exercise solution.
