of lectures delivered by  
Shewhart at USDA,  
Statistical Method from  
the Viewpoint of

Quality Control, into a  
book published in 1939.  
One reason he learned  
so much from Shewhart,  
Deming remarked in a  
videotaped interview,  
was that, while brilliant,  
Shewhart had an  
"uncanny ability to  
make things difficult."

The title of his second  
book, Statistical Method  
from the Viewpoint of

File Type PDF

Statistical

Method From (1939),

asks the question:

"What can statistical practice, and science in general, learn from the experience of industrial quality control?"

Shewhart's approach to statistics was radically different from that of many of his contemporaries.
